Frozen Beverage Machine
For High Volume Operations**

Maximize Your Profits – Combine efficiency with consistent product quality and fast operation to insure customer satisfaction with high profit frozen beverages and cocktails.

Add to Your Product Offering – You can offer products like fruit flavor slush, frozen lemonade and frozen cocktails like margaritas and daiquiri's.

Fast Profitable Service – Just pull the spigot handle to dispense the ready to consume product, up to two 8oz. servings per minute.

High Volume of Product – Up to 8 gallons of frozen beverages per hour. Fast recovery insures availability of product, even during peak periods. The evaporator and mix pan hold 20 quarts of product.

Compact Design – Fits easily into any operation using a minimum of counter space.

State of the Art Mix Out System – Tamper proof system alerts the operator when product in the reservoir is low and needs to be replenished.

Fast, Easy Cleaning – SaniServ equipment is designed to be easily cleaned and sanitized, with the fewest parts possible for rapid assembly and disassembly.

Invest in Equipment Built to Last – SaniServ frozen beverage machines achieve long and dependable life through simplicity of design, durable steel frame construction, heavy-duty components and torque system. Shipped standard with stainless steel exterior.
